Open Groundwater/Soil Contamination Sites
Merced County- June 2012

The information contained in this report is obtained from existing Federal and State sources indicating contamination sites in Merced County which are currently undergoing assessment and/or remediation. The purpose of this information is to provide the public with information regarding the assessment and cleanup of contaminated sites. Property which is located near or adjacent to the listed contaminated sites, may or may not be impacted by the listed contaminated sites. The attached information does not list open drug lab locations or previously closed sites. State or local Oversight agencies which have the responsibility to oversee the assessment and cleanup of contaminated sites are also indicated. For sites with County regulatory oversight, the County's goal is to have the majority of sites open in 2008 closed and in 'no-further-action' status by January 1, 2014.

The following abbreviations are used:

MCDEH	Merced County Division of Environmental Health (Merced County Department of Public Health)
